Armchair feature piece with a wrap-around steel frame. Vertical lines contrast with horizontal upholstered planes. Mix and match upholstery fabrics.

## Description

Graphic vertical lines contrast beautifully with horizontal upholstered planes in the Taper armchair making it ideal for a variety of commercial interiors. Enhance the effect by powder-coating the frame in a contrast to your upholstery or opt for a more indulgent metallic finish. The wrap-around frame not only looks great, but has the added benefit of protecting upholstery from rips and tears in high traffic environments.
