Bins » Litter Bins

Durable, functional, round litter bin with smooth stainless-steel body and spun lid. Easy to clean. No fuss, hygienic solution.

Description	**Byron Litter Bin** is a practical and cost-effective waste solution for commercial interiors. With its smooth stainless-steel body and spun lid, Byron offers a clean, classic look that's easy to maintain and helps promote hygiene in busy environments. Simple, durable, and efficient, Byron delivers reliable performance without the premium price tag—making it an ideal choice for high-traffic areas seeking a no-fuss solution that blends form with function.
How to Specify	Select your fixing type
Sustainability	Recycled Materials We locally source our steel. It means we know it uses recycled content and is 100% recyclable.
Finishes	**Lid** Stainless steel, satin polished **Body** Stainless steel, satin polished **Plinth** Black polyethylene
Dimensions	500mm DIA x 830mmH Chute 200mm DIA

Frame	Stainless steel, satin polished
Signage	Vinyl decals can be applied to the spun lid or body if you want to pair 2 bins together for splitting your recycling.
Made In	Australia
Lead Time	3-4 weeks
Assembly & Delivery	Shipped fully assembled.

BYRON BIN

Fixing Detail	Freestanding or surface fixed by others. Anchors not included.
Care Instructions	Stainless Steel Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning. When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish. Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits. Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning. Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired. Never use abrasive materials such as scouring pads, steel wool or metallic scrapers. For stubborn stains or where "deep cleaning" is required, a mild abrasive cleaner or rust remover may be required.
Warranty	5-year warranty. View the warranty for more details.
Customisable	Optional convex lid available if you wanted to designate a bin as recycling.
Additional Comments	Concave lid with 200mm diameter opening to assist with directing waste into the liner. A loose, non-marking plinth is easy to use and flexibly move around without scratching or damaging your floors. The smooth stainless body and spun lid are easy to clean and hygienic.
