Modular seat with contrasting finishes and folded forms. Battens in 5 Duraslat™ XG colours and aluminium frame in 27 powder-coat finishes.

Description

Inspired by the Italian love of modern design, the Sorrento seat is as much at home in the public spaces of Chicago as it is on boardwalks of the Mediterranean. The contrasting finishes, folded forms, and modular seat design combine to create public spaces that draw the eye and challenge the status quo. A striking asymmetrical cut-out design on the backrest is visible from all directions adding to the unique visual aesthetics of the seat. Finishes include battens in 5 Duraslat™ XG colours and an aluminium frame in 27 powder-coat finishes.

Made In	Australia
Dimensions	1800mmW x 650mmD x 745mmH Seat height: 445mm
Batten Type	Duraslat™ XG Ravine, Cave, Alcove, Boulder, Dune

Sustainability Recycled Materials

We locally source our aluminium. It means we know it uses recycled

content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and

reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds

(VOCs) and has Environmental Product Declarations (EPDs).

Warranty 5-year warranty. View the <u>warranty</u> for more details.

Lead Time 6-8 weeks

Assembly & Delivery Shipped fully assembled on pallets.

Fixing Detail Surface fixed by others. Anchors not included.

Care Instructions

Duraslat™ XG

Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Additional Comments

The Sorrento backrest is perforated on both sides so the feature cut-outs are visible from all directions. To ensure easy cleaning, there is an open space below the backrest allowing debris pushed into the cut-outs to fall to the ground and be swept up. This is a nifty feature in areas which struggle with pigeons or seagulls.
