VERGE BOLLARD

VERGE BOLLARD

Simple bollard design combines practical function with a clean aesthetic. The steel frame is available in powder-coat or galvanised finishes.

Description	The Verge bollard is simple in design and highly durable. A cylindrical steel post and a circular base plate add a functional and utilitarian feel to spaces you know are going to get their fair share of wear and tear. Light in appearance, the bollard complements and sits within many public spaces to create a protective or architectural perimeter. Finishes include a steel frame in powder-coat colors or a galvanized finish.
How to Specify	Select your body finish
Sustainability	Recycled Materials We locally source our galvanized steel. It means we know it uses recycled content and is 100% recyclable. Low Pollutants Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.
Powder Coat	Core Solid Textured Signature Bold
Dimensions	100 DIA x 900mmH Base plate: 200mm DIA
Frame	Hot-dip galvanised or powder-coated steel
Made In	Australia
Lead Time	6-8 weeks
Assembly & Delivery	Shipped fully assembled on pallets.
Fixing Detail	Surface fixed by others. Anchors not included.

VERGE BOLLARD

Care Instructions	**Care + Maintenance** **Powder-coat** Regular cleaning helps protect the long-term appearance of powder-coated finishes. Wash surfaces with warm water and a non-abrasive, pH-neutral detergent, using a soft cloth or brush, then rinse thoroughly. Avoid harsh solvents, abrasive cleaners and high-pressure washing, as these may damage the coating. In coastal, marine or industrial environments, increase cleaning frequency to minimise the build-up of salts and pollutants which can accelerate weathering.
Warranty	5-year warranty. View the warranty for more details.
Additional Comments	Optional 316 stainless steel frame finish available on request.
