DIAMANTE

Modular seating collection. Linear and curved modules feature concrete planes on powder-coated steel framing with a range of hardwood elements.

Description

Diamante, designed by Alessandro Lenarda, Michele Slaviero, and Raffaele Lazzari for Metalco, is based on a "build your own" seating kit concept. Multiple configurations can be created by using the Diamante concrete bench in white, grey or dark grey colours and as a linear or 45° curved module with 2 powder-coated steel frame options in a range of finishes. Together with a range of hardwood elements, Diamante creates versatile seating options for a wide variety of projects.

How to Specify

Design your layout
Select your planes
Select your seat and bench sections (if any)
Select your leg design
Select your leg colour

Powder Coat

33 x RAL powder-coat colours

Dimensions

Linear concrete bench module
2100mmW x 750mmD x 400mmH
With hardwood - seat height: 450mmH

45° curved concrete bench module
Radius: 2000mm
2100mmW x 750mmD x 400mmH
With hardwood - seat height: 450mmH

Seat height with backrest: 774mm

Batten Type

Exotic hardwood - oiled

Frame

Body
Precast high performance concrete (HPC) with stone aggregate
3 colours: White, Grey, Dark Grey

Body Finish
Velluto finish as standard with polished top

Seat
Exotic Hardwood, oiled

Supports
Powder-coated steel in open sled or solid style

Optional
Clear anti-graffiti coating (to the concrete plane)

Made In	Europe
Lead Time	12+ weeks.
Assembly & Delivery	Product supplied in components packed on pallets. Lifting equipment required for receipt, assembly and placement of concrete product (by others). Supplied with ferrules, eyebolts and caps. Assembly required of legs and seat components to concrete plane (by others).
Fixing Detail	Loose or surface fixed by others. Pre-drilled for anchors. Anchors not included.

DIAMANTE

Warranty	5-year warranty. View the warranty for more details.
Additional Comments	Customisable A wide variety of ways the components can be assembled together allows for almost unlimited customisation of the configuration. Options The concrete plane is available in a linear shape or curved to 45° degrees. The hardwood seat sections are available in a: Flat bench style design - in single or double depths, straight or curved. Seat style design with a backrest - in the straight linear version in double or single depths and curved in single depth only (on the internal or external radius). The metal leg can be an open sled or solid style. Upon request, when technically feasible, it is possible to perform polishing operations. The finished products are treated with a protective varnish, and upon request, anti-graffiti treatment can also be also applied.
