MAROUBRA CAPSULE BIN

Bins » Litter Bins

Unique, compact, single bin for commercial spaces, indoors or undercover. 70L capacity. Powder-coated steel frame in 27 colours. 4 cut-out designs.

Description A unique, compact design, Maroubra is a robust capsule bin, capable of handling the high demands of public spaces, indoors and undercover outdoors. The style without a hood keeps your sight lines clear and has a stable base for safety and glides to protect your floors. The cut-out designs create a distinctive feature with visual appeal that contrasts with the galvanised inner liner. The perforated surface deters graffiti by markers and is also finger safe for children. Finishes include a plain or 4 cut-out designs and 27 powder-coat colours to suit many commercial spaces.

Made In Australia

Dimensions 440mmW x 440mmD x 735mmH
Chute opening: 200mm DIA

Capacity 70L galvanised steel liner

MAROUBRA CAPSULE BIN

Bins » Litter Bins

Fixing Detail	Freestanding with fixed glides.
How to Specify	Select your body pattern Select your body powder-coat colour Select your freestanding base powder-coat colour
Care Instructions	<p>Powder-Coat Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.</p> <p>Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.</p> <p>Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.</p> <p>Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.</p>
Customisable	<p>The bin body can be left plain or perforated.</p> <p>Customise the base to your brand colours or waste channels.</p> <p>Install bins in pairs to create general waste and recycling units.</p> <p>Options to add logos as part of the perforations on your single bins for extra branding.</p>
Additional Comments	<p>The square freestanding base is stable for loose use, with non-scratching glides to protect flooring.</p> <p>The galvanised liner won't melt if lit cigarette butts are accidentally thrown into the bin.</p> <p>The perforated body not only casts distinctive shadowing and contrasts with the galvanised inner liner but also deters marker vandalism.</p> <p>Perforation designs are child safe, conforming to AS4685.1 finger entrapment guidelines on play equipment.</p> <p>The low profile is ideal for retail locations to maintain tenancy sight lines.</p>
