Fremantle Double Litter Bin Winged Hood - Charcoal

FREMANTLE BIN DOUBLE WITH HOOD

Bins » Litter Bins

Minimalist, double litter bin with an integrated hood for discreet waste management. Smooth, easy-clean form in stainless steel or powder-coat finishes, suited to indoor and outdoor environments.

Description	Fremantle Double Litter Bin with Hood is designed for environments that demand clarity, control, and quiet confidence. Its clean, architectural form is elevated by a winged hood, shielding contents from view while reinforcing a refined, considered aesthetic. The addition of the hood enhances functionality, helping to contain odour and protect against external elements, making it ideal for both interior and exterior applications. Smooth, uninterrupted surfaces create a crisp visual presence while allowing for effortless cleaning and long-term durability. Available in a curated range of powder-coated or stainless steel finishes, Fremantle adapts with ease, from subtle integration to bold material expression. Dual capacity supports efficient waste separation, delivering practicality without compromising design intent. A balanced solution where performance meets restraint, built to work hard and sit quietly within any space.

Care Instructions	<u>Powder-Coat</u> Carefully remove any loose surface deposits with a wet sponge or soft bristled brush. Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water. Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues. Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents. <u>Stainless Steel</u> Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning. When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish. Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits. Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning. Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired. Never use abrasive materials such as scouring pads, steel wool or metallic scrapers. For stubborn stains or where “deep cleaning” is required, a mild abrasive cleaner or rust remover may be required.
Warranty	5-year warranty. Visit baresque.com.au/warranty for complete details.
Customisable	The Fremantle bin is locally made and customisable to suit your requirements.
