Care Instructions

Hardwood
Cleaning
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling
Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG
Cleaning
Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat
Cleaning
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Warranty 5-year warranty. View the [warranty](#) for more details.

Additional Comments

Local manufacture allows us to tailor the bench length, mitre the ends or use a hardwood species for your custom requirements.

Transverse battens, where the slat direction is across the bench depth is available on request to match the Urban Curved bench in hardwood and Duraslat™ XG finishes.

Optional skate stoppers available to discourage skater damage to your furniture.

This bench can be ordered in settings to meet the guidelines of Australian Standards AS1428.2 so will aid in achieving project DDA compliance.
