Simple, durable bench design. Hardwood, Duraslat™ XG, aluminium battens with steel posts and base plates in powder-coat or galvanised finishes.

Description The Verge bench is simple in design and highly durable. Hardwood, Duraslat™ XG or aluminium battens work with cylindrical steel posts and circular base plates to add a functional and utilitarian feel to spaces you know are going to get their fair share of wear and tear. Finishes include hardwood or Duraslat™ XG colours and powder-coat finishes or a galvanised finish.

Sustainability

Certified Hardwood
All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).
