## Care Instructions

### Baresque Upholstery Fabrics

Use a cloth with any of the following in preferred order of use:

1. Clear warm water
2. Mild solution of liquid detergent and warm water
3. Isopropyl Alcohol (rubbing alcohol)

Remove any detergent with a clean, damp cloth. Gently pat dry.

For more difficult stains, dampen a soft white cloth with a solution of household bleach (mix 10% bleach with 90% water). Rub gently. Rinse with a water dampened cloth to remove bleach concentration.

Do not use solvent based or concentrated abrasive cleaning agents, lacquer thinners or nail polish remover as these may cause discolouration over a period of time.

Always test in an inconspicuous area first.

### Multipurpose Compact Laminates | Laminex®

A damp cloth will remove spills and greasy spots. Rub with a clean dry cloth to bring back brightness. Occasionally clean with mild dishwashing detergent. To remove heavy build-up of dirt use cleaners such as Mr Muscle, Windex, or Ajax Spray n Wipe spray cleaners.

Do not use strong acidic, alkaline cleaners or bleach for normal cleaning as these might etch the surface.

### Solid Surfaces | Corian®

Generally, when caring for Corian always start with a simple clean eg. using a damp sponge or cloth. Avoid using abrasive scouring pads for routine cleaning. Rinse clean.

For a deep clean of stubborn stains, a more thorough clean and refresh using a mild abrasive cleanser is recommended like Gumption, JIF Cream Cleanser or Ajax cream or powder cleanser. Firmly wipe with a damp cloth using a wide circular motion. Always finish by rinsing and wiping your surface with a damp cloth or sponge.

### Powder-Coat Finishes

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

## Additional Comments

Optional fixed upholstered half cushion. Select a fabric from [Baresque](#), specify a fabric or supply your own.

Fabric required: 3.2m based on one plain fabric, 137cm wide.

The Sorrento backrest is perforated both sides so the feature cut-outs are visible from all directions. To ensure easy cleaning, there is an open space below the backrest allowing debris pushed into the cut-outs to fall to the ground and be swept up. This is a nifty feature for shopping centres where bored patrons might be tempted to push wrappers into the gaps.
