Care Instructions              Hardwood  
Cleaning  
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling  
Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG  
Cleaning  
Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat  
Cleaning  
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Warranty                              5-year warranty. View the [warranty](#) for more details.

Botton + Gardiner strives to encourage demographic diversity through good design. In hardwood, our flagship Classic Urban Seat AS1428.2 has new accessible armrests to comply with AS1428.2 accessibility guidelines for projects meeting DDA requirements.

Mid armrests are also available.

Local manufacture allows us to tailor the length, use a hardwood species to your custom requirements or add on optional accessories such as memorial plaques and skate stoppers.
