Timeless platform seating. Hardwood, Duraslat™ XG, aluminium battens with an elegant cast aluminium frame in powder-coat finishes or polished.

Description

Referencing Paris's famous wrought ironwork, curved cast aluminium framing is complemented by muscular hardwood, Duraslat™ XG surfaces or aluminium surfaces to offer a timeless Urban platform bench. The design offers a wide, flat surface for casual lounging or family picnics in the park and provides an ideal social meeting point for groups in universities, schools and shopping centres. Finishes include hardwood or Duraslat™ XG colours and powder-coat finishes or a polished aluminium finish. Urban is close to our heart; a classic, elegant, and highly functional collection that works in almost any public space.

Sustainability

Certified Hardwood
All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials
We locally source our aluminium. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).
