Timeless post seat AS1428.2. Hardwood, Duraslat™ XG, aluminium battens with an elegant cast aluminium frame in 27 powder-coat finishes or polished.

## ● AS1428.2

**Description**

Referencing Paris’s famous wrought ironwork, curved cast aluminium framing is complemented by muscular hardwood, Duraslat™ XG surfaces or aluminium surfaces to offer a timeless Urban post seat 1428.2. With the new Accessible armrests and correct installation, complies with AS1428.2 Accessibility guidelines, for projects meeting DDA requirements, ideal for council parks, shopping centres, outdoor university areas and aged care villages. Finishes include 5 hardwood or 5 Duraslat™ XG colours and 27 powder-coat finishes or a polished aluminium finish. Urban is close to our heart; a classic, elegant, and highly functional collection that works in almost any public space.

**Made In** Australia

**Dimensions**

Hardwood  
1800mmW x 580mmD x 770mmH

Seat height: 440mm  
Accessible arm height: 670mm

---

Fixing Detail   To meet AS1428.2 this item needs to be installed to the correct seat height: 400-450mm

Post fixed by others - surface, sub-surface or core-holed. Anchors not included.

---

How to Specify   Select your batten finish  
Select your frame finish  
Select your armrest finish  
Select your fixing type

---

Care Instructions   Hardwood  
Cleaning  
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling  
Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG  
Cleaning  
Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat  
Cleaning  
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

## Additional Comments

Hardwood is the only finish we can achieve a 30mm radius to a 30mm thick front edge batten outlined in AS1428.2. Whilst all the other key AS1428.2 dimensional guidelines are still met with Duraslat™ XG, Aluminium and Alugrain battens, you will need to speak to your accessibility consultant for project specific advice on meeting overall DDA compliance for your site.

Mid armrests are also available.

Local manufacture allows us to tailor the length, use a hardwood species to your custom requirements or Add On accessories such as memorial plaques and skate stoppers.

Public spaces can be vulnerable to high levels of wear and tear or vandalism, replacement parts available as required.
