Simple, durable curved bench. Hardwood, Duraslat™ XG, aluminium battens with steel posts and base plates in powder-coat or galvanised finishes.

Description The Verge curved bench is a simple, modular, highly durable design. Hardwood, Duraslat™ XG, aluminium battens work with cylindrical steel posts and circular base plates to add a functional and utilitarian feel to spaces you know are going to get their fair share of wear and tear. The modularity allows for snaking curve, full ring or shallow bend configurations to be created to break up linear spaces. It is ideal for seating around trees, along curved garden beds and walls. Finishes include hardwood or Duraslat™ XG colours and powder-coat finishes or a galvanised finish.

How to Specify Select your arc length
Specify your radius
Select your batten finish
Select your frame finish
Select your fixing type

Sustainability

Certified Hardwood
All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Dimensions

Standard Arc Lengths
Hardwood: 2000mm
Duraslat™ XG: 2000mm
Aluminium: 2000mm

Seat height: 455mm
Seat depth: 440mm
**Radius as specified - minimum outer radius possible is 1000mm

Batten Type

Hardwood
Duraslat™ XG
Aluminium | Alugrain

Frame

Hot-dip galvanised or powder-coated steel

Made In

Australia

Lead Time

6-8 weeks

Assembly & Delivery

Shipped fully assembled on pallets.

Fixing Detail

Post fixed by others - surface fixed or core-holed. Anchors not included.

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG

Cleaning

Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Warranty

5-year warranty. View the [warranty](#) for more details.

Additional Comments

Curved benches are made to order to your specified radius and arc length. Drawings are issued for sign off prior to manufacture.
