VERGE BOLLARD

Accessories » Bollards

Simple bollard design combines practical function with a clean aesthetic. The steel frame is available in 27 powder-coat or galvanised finishes.

Description The Verge bollard is simple in design and highly durable. A cylindrical steel post and a circular base plate add a functional and utilitarian feel to spaces you know are going to get their fair share of wear and tear. Light in appearance, the bollard complements and sits within many public spaces to create a protective or architectural perimeter. Finishes include a steel frame in 27 powder-coat colors or a galvanized finish.

How to Specify Select your body finish

Sustainability

Recycled Materials
We locally source our galvanized steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs) that enable projects to qualify for LEED credits.
