Simple bollard design combines practical function with a clean aesthetic. The steel frame is available in 27 powder-coat or galvanised finishes.

Description	The Verge bollard is simple in design and highly durable. A cylindrical steel post and a circular base plate add a functional and utilitarian feel to spaces you know are going to get their fair share of wear and tear. Light in appearance, the bollard complements and sits within many public spaces to create a protective or architectural perimeter. Finishes include a steel frame in 27 powder-coat colors or a galvanized finish.

Care Instructions

Powder-Coat
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Additional Comments Optional 316 stainless steel frame finish available on request.
