Robust block table design with a concrete base. Hardwood and Duraslat™ XG battens with steel framing details in powder-coat or galvanised finishes.

#### Description

Featuring striking asymmetrical forms and robust materials that are based on our competition-winning designs for the Western Sydney Parklands Trust, the Prospect block table is ideal for parkland and urban environments. With a solid precast concrete base that grounds the design, the table is available in hardwood and Duraslat™ XG batten colours with steel framing details in powder-coat colours or a galvanised finish to blend in or contrast with the landscape it sits in.

#### How to Specify

Select your length Select your finish Select your batten colour Select your frame finish

### Sustainability

Certified Hardwood

All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials

We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

### Care Instructions <u>Hardwood</u>

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

#### Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

#### Duraslat™ XG

Cleaning

Simply wash down occasionally. Do not use high pressure cleaners.

#### Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

### Warranty 5-year warranty. View the <u>warranty</u> for more details.

# Additional Comments

Optional plastic orange reflectors to increase visibility.
