MANDALAY BIN

Bins » Litter Bins

Modern, round, single, double, triple litter bins for indoors and out. Cladding in 6 hardwood batten colours with a stainless-steel lid and plinth.

Description Channelling the enduring beauty and warmth of hardwood, and its versatility inside and out, Mandalay is an instant favourite. Available in single, double and triple capacities size, manage your recycling channels in style. Staff will safely and easily empty the bins using either the folding central hinge on the double or gas assisted lift on the triple. Mandalay welcomes people with vitality in any space. Finishes include cladding in 6 hardwood batten colours in a variety of profiles combined with a satin-polished stainless-steel lid and plinth.

Made In Australia

Dimensions Single
500mm DIA x 780mmH

Double | Triple
1040mmW x 510mmD x 780mmH
For chute sizes see dimensions in downloads tab.

Capacity Single
90L polyethylene liner (internal use) or
55L galvanised steel liner (external use)

Double
2 x 90L polyethylene liner (internal use) or
2 x 55L galvanised steel liners (external use)

Triple
1 x 65L, 2 x 45L galvanised steel liners

Batten Type Hardwood
Exterior: Blackbutt, Spotted Gum, Mixed Red -
Pine, Mahogany, Ebony Oil

Interior: Lacquered Vic Ash in a rectangular, bump or flute-shaped batten

Frame Stainless steel, satin polished

Signage Double or Triple bins come with vinyl decals or engraved enamel filled text, both standard and custom designs available.

Bright vinyl signage on the double and triple bins is easily recognisable by customers at point of disposal

Vinyl decals can be removed and replaced in future for changes to waste streams.

Sustainability

Certified Hardwood

All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials

We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Warranty

5-year warranty. View the [warranty](#) for more details.

Lead Time

6-8 weeks

Assembly & Delivery

Shipped fully assembled on pallets.

Fixing Detail

Freestanding or surface fixed by others.
Anchors not included.

How to Specify

Select your size - single or double
Select your capacity - 120 or 240L
Select your panel powder-coat colour
Select your hood designs - open or with recycling limiter
Select your hood powder-coat colour

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Stainless Steel

Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use "Star Brite Rust Stain Remover" to remove tea staining and "Star Brite Chrome & Stainless Steel Polish" to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where "deep cleaning" is required, a mild abrasive cleaner or rust remover may be required.

Additional Comments

Manage recycling by splitting your waste streams.

Chutes act as limiters to signal recycling and save labour in sorting.

Double size has a hinged lid which folds for easy removal of the liners.

Gas struts on the triple lid safely and easily assist opening the bin for staff to replace bin bags.
