Modern, simple, rectangular double litter bin for multi-stream recycling. Powder-coated steel in a variety of colours with a stainless-steel lid.

Description

Featuring a streamlined, no-fuss aesthetic, **Moreton Litter Bin Double** is the perfect cost-effective solution for indoor/outdoor multi-stream recycling litter bins in commercial projects. The product quality for the cost equals unbeatable value for a dual capacity rubbish bin.

Moreton Litter Bin Double in select finishes is part of b+g's **Essential Collection** delivering favourable pricing and leadtimes.

Select from Core powder coat colours to qualify.

How to Specify

Select your body powder-coat colour

Select your signage type

Sustainability

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

Powder-Coat

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Stainless Steel

Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use "Star Brite Rust Stain Remover" to remove tea staining and "Star Brite Chrome & Stainless Steel Polish" to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where "deep cleaning" is required, a mild abrasive cleaner or rust remover may be required.

Warranty

5-year warranty. View the [warranty](#) for more details.

Customisable

The Moreton bin is locally made and customisable to suit your requirements.

Additional Comments

Double size has a hinged lid which folds for easy removal of the liners.

Manage recycling by splitting your waste streams.

Chutes act as limiters to signal recycling and save labour in sorting.
