COOGEE BIN

COOGEE BIN

COOGEE BIN

Modern, round, highly durable outdoor litter bin. Single capacity. 360° panel design in eye-catching cut-out designs in powder-coat finishes.

Description

Coogee Litter Bin is a robust, streetscape-ready solution designed to meet the high demands of public spaces. Its durable construction and thoughtful design details make it ideal for urban environments, parks, and transport hubs.

Perforation patterns across the 360° powder-coated panels provide both visual interest and functional benefit—offering contrast against the galvanised inner liner while helping deter graffiti. The spun stainless-steel lid features softened edges for safety, and its convex peak effectively sheds water to prevent rain from entering. An optional hood adds further protection by deterring scavenging wildlife and includes a lock for added security. Available in powder-coat finishes for a striking and customisable streetscape solution.

How to Specify

Select your perforation pattern
Select your bin body finish
Select your lid option
Select your fixing type

Sustainability

Recycled Materials
We locally source our steel and aluminium. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Finishes

Hood
Pacific hood + locking tab: stainless steel

Lid
Hinged convex lid: spun stainless steel, satin polished

Body
Powder-coated aluminium or galvanised steel finish with perforations

Perforation Patterns
Line, Twig, Tide

Powder-Coat
Standard or custom specified colour

Post
Powder-coated, hot-dip galvanised steel

Capacity	55L galvanised steel liner
Frame	Powder-coated aluminium or galvanised steel finish with perforation pattern that include Line, Twig, Tide.
Signage	Optional vinyl decals or engraved enamel filled text, standard or custom designs available.
Made In	Australia
Lead Time	4-6 weeks

COOGEE BIN

Assembly & Delivery	Shipped fully assembled.
Fixing Detail	Post fixed by others - surface, sub-surface or core-holed. Anchors not included.
Care Instructions	**Care + Maintenance** **Powder-coat** Regular cleaning helps protect the long-term appearance of powder-coated finishes. Wash surfaces with warm water and a non-abrasive, pH-neutral detergent, using a soft cloth or brush, then rinse thoroughly. Avoid harsh solvents, abrasive cleaners and high-pressure washing, as these may damage the coating. In coastal, marine or industrial environments, increase cleaning frequency to minimise the build-up of salts and pollutants which can accelerate weathering.
Warranty	5-year warranty. View the warranty for more details.
Additional Comments	Options The optional Pacific hood deters wildlife and dumping of bags of waste in public bins, protects from rain, and the locking tab adds security against damage from vandalism. Optional loose convex lid available for secure locations. Additional Info The convex lid is hinged to deter lost parts, vandalism or theft of the lid and easier emptying. The post base is a sturdy, durable streetscape design - resistant to vandalism by force, a small footprint reduces rubbish accumulating around the base and it's easy to install using the same method as your streetscape furniture. The galvanised liner has drainage holes for rain runoff and won't melt if lit cigarette butts are accidentally thrown into the bin. The perforated body not only casts funky shadows and peeks through to the galvanised liner finish but it also deters marker vandalism.
