Modern, round, highly durable outdoor litter bin. Single capacity. 360° panel design in eye-catching cut-out designs in powder-coat finishes.

Description	<p><b>Coogee Litter Bin</b> is a robust, streetscape-ready solution designed to meet the high demands of public spaces. Its durable construction and thoughtful design details make it ideal for urban environments, parks, and transport hubs.</p> <p>Perforation patterns across the 360° powder-coated panels provide both visual interest and functional benefit—offering contrast against the galvanised inner liner while helping deter graffiti. The spun stainless-steel lid features softened edges for safety, and its convex peak effectively sheds water to prevent rain from entering. An optional hood adds further protection by deterring scavenging wildlife and includes a lock for added security. Available in powder-coat finishes for a striking and customisable streetscape solution.</p>
