Modern, round, highly durable outdoor litter bin. Single capacity. 360° panel design in eye-catching cut-out designs in 27 powder-coat finishes.

Description

The Coogee is a robust streetscape bin, capable and durable for the high demands of public spaces. The perforated designs not only create a design feature and contrast to the galvanised inner liner, but the broken surface also deters graffiti by markers. The spun form of the stainless-steel lid has softened edges for safety and the convex peak sheds waters to prevent your bin filling with rain. Plus, an optional hood deters scavenging wildlife and locks for security. 360° panel design in eye-catching cut-out designs in 27 powder-coat finishes.

Made In Australia

Dimensions

Convex Lid
470mm DIA x 770mmH

Convex Lid with Pacific Hood
470mm DIA x 890mmH

Chute 200mm DIA

Capacity 55L galvanised steel liner

Additional Comments

Options

The optional Pacific hood deters wildlife and dumping of bags of waste in public bins, protects from rain, and the locking tab adds security against damage from vandalism.

Optional loose convex lid available for secure locations.

Additional Info

The convex lid is hinged to deter lost parts, vandalism or theft of the lid and easier emptying.

The post base is a sturdy, durable streetscape design - resistant to vandalism by force, a small footprint reduces rubbish accumulating around the base and it's easy to install using the same method as your streetscape furniture.

The galvanised liner has drainage holes for rain runoff and won't melt if lit cigarette butts are accidentally thrown into the bin.

The perforated body not only casts funky shadows and peeks through to the galvanised liner finish but it also deters marker vandalism.
