Solid
Coffee (satin), Cove (satin), Monument (matt), Medium Bronze Kinetic (flat)

Textured
Core Ten (textured metallic), Asteroid (textured metallic), Bass (textured metallic), Textura Black (textured), Textura Monument (textured), Textura White (textured)

Signature
Deep Ocean (satin), Wedgewood (satin), Mangrove (satin), Territory Red (matt), Claypot (satin), Paperbark (satin)

Bold
Bondi Blue (gloss), Leaf (satin), Sensation (gloss), Lobster (satin), Moonlight (satin)

Signage

Vinyl decals or engraved enamel filled lettering applied to the double units lids. Both standard and custom designs available.

Bright vinyl signage on the double bins is easily recognisable by customers and saves labour in sorting waste.

Vinyl decals can be removed and replaced in future for changes to waste streams.

Finishes

Lid
Stainless steel, satin polished

Body
Single Bin
Indoor: laminate or powder-coated steel
Outdoor undercover: powder-coated steel

Double Bin
Indoor: laminate
Outdoor undercover: stainless steel

Laminate - choose from our preselected Laminex® colours or custom specify your own

Plinth + Bump Rail

Sustainability	**Certified Materials**
	We use laminates that carry internationally recognised Environmental Product Declarations (EPDs).
	Recycled Materials
	We locally source our steel and aluminium. It means we know it uses recycled content and is 100% recyclable.
	Low Pollutants
	Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Warranty

5-year warranty. View the warranty for more details.

Lead Time

4-6 weeks

Assembly & Delivery

Shipped fully assembled on pallets.

Fixing Detail

Freestanding or surface fixed by others. Anchors not included.

How to Specify

Select your capacity - single or double
Select your body finish - laminate or powder-coated
Select your lid chutes (for the double) - up/down or down/down
Select your signage - vinyl or engraved enamel
Select your fixing type - freestanding or surface fixed

Care Instructions

Laminates | Laminex®
A damp cloth will remove spills and greasy spots. Rub with a clean dry cloth to bring back brightness. Occasionally clean with mild dishwashing detergent. To remove heavy build-up of dirt use cleaners such as Mr Muscle, Windex or Ajax Spray n Wipe spray cleaners.

Do not use strongly acidic, alkaline cleaners or bleach for normal cleaning as these might etch the surface

Powder-Coat
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Stainless Steel
Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use "Star Brite Rust Stain Remover" to remove tea staining and "Star Brite Chrome & Stainless Steel Polish" to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where "deep cleaning" is required, a mild abrasive cleaner or rust remover may be required.

Additional Comments

Lid Combinations
2 x Concave (down) chutes
1 x Concave (down) and 1 x Convex (up) chute
The convex chute acts as a waste limiter on recycling compartments or assists with rain runoff

Additional Info
Manage recycling by splitting your waste streams. We recommend having one convex 100mm recycling chute as a limiter to signal recycling cue at point of disposal.

Double size has a folding hinged lid for easy removal of the liners.

Durable spun stainless steel lid for hard use environments with softened edges for safety.
