**Care Instructions**    [Baresque Upholstery Fabrics](#)  
Use a cloth with any of the following in preferred order of use:  
1. Clear warm water  
2. Mild solution of liquid detergent and warm water  
3. Isopropyl Alcohol (rubbing alcohol)

Remove any detergent with a clean, damp cloth. Gently pat dry.

For more difficult stains, dampen a soft white cloth with a solution of household bleach (mix 10% bleach with 90% water). Rub gently. Rinse with a water dampened cloth to remove bleach concentration.

Do not use solvent based or concentrated abrasive cleaning agents, lacquer thinners or nail polish remover as these may cause discolouration over a period of time.

Always test in an inconspicuous area first.

---

**Customisable**    Atomik is made locally and can be tailored to suit your interior project. Select from a range of table top finishes such as Corian®, engineered stone and digital print on a variety of substrates, as well as custom screen perforations or custom metallic powder-coats and much more.

Botton + Gardiner can assist you with configuring your layouts. 2D or 3D drawings or kits of the modules are available.

Optional GPOs can be added to the modular pods to power them up as charging or working stations.

---

**Additional Comments**    Commercial-grade foam is used for padding and comfort.

The Atomik small moon ottoman is unable to be fitted with a backrest due to the shallow seat depth.
