ATOMIK LARGE MOON OTTOMAN

Seating » Ottomans

Modern, modular, large moon ottoman design. Mix and match upholstery fabrics and configurations to create a range of custom seating options.

Description	The Atomik large moon ottoman forms part of the Atomik modular seating collection that offers a mix of upholstered ottomans and lounge seats together with planters, tables, and screens in a range of 13 geometric shapes. With flexibility and versatility in mind, multiple configurations of mixed-use pods can be created to suit small or large spaces. Together with a wide range of finishes, Atomik can be tailored to suit specific interior project requirements for use in shopping centres, hospitality, office break-out areas, commercial lobbies, universities, and schools.

Care Instructions

Baresque Upholstery Fabrics

Use a cloth with any of the following in preferred order of use:

1. Clear warm water
2. Mild solution of liquid detergent and warm water
3. Isopropyl Alcohol (rubbing alcohol)

Remove any detergent with a clean, damp cloth. Gently pat dry.

For more difficult stains, dampen a soft white cloth with a solution of household bleach (mix 10% bleach with 90% water). Rub gently. Rinse with a water dampened cloth to remove bleach concentration.

Do not use solvent based or concentrated abrasive cleaning agents, lacquer thinners or nail polish remover as these may cause discolouration over a period of time.

Always test in an inconspicuous area first.

Warranty

2-year warranty. View the [warranty](#) for more details.

Customisable

Atomik is made locally and can be tailored to suit your interior project. Select from a range of table top finishes such as Corian®, engineered stone and digital print on a variety of substrates, as well as custom screen perforations or custom metallic powder-coats and much more.

Botton + Gardiner can assist you with configuring your layouts. 2D or 3D drawings or kits of the modules are available.

Optional GPOs can be added to the modular pods to power them up as charging or working stations.

Additional Comments

Commercial-grade foam is used for padding and comfort.
