Modern, modular screen in 4 designs and 3 sizes. Mix and match materials, finishes and configurations to create a range of custom pod options.

## Description

The Atomik screen forms part of the Atomik modular seating collection that offers a mix of upholstered ottomans together with planters, tables, and screens in a range of 13 geometric shapes. The screen is available in 4 cut-out designs and 3 sizes. With flexibility and versatility in mind, multiple configurations of mixed-use pods can be created to suit small or large spaces. Together with a wide range of finishes, Atomik can be tailored to suit specific project requirements for use in shopping centres, hospitality, office break-out areas, commercial lobbies, universities, and schools.

## Made In

Australia

## Care Instructions

### Multipurpose Compact Laminates | Laminex®

A damp cloth will remove spills and greasy spots. Rub with a clean dry cloth to bring back brightness. Occasionally clean with mild dishwashing detergent. To remove heavy build-up of dirt use cleaners such as Mr Muscle, Windex or Ajax Spray n Wipe spray cleaners.

Do not use strongly acidic, alkaline cleaners or bleach for normal cleaning as these might etch the surface

### Zintra Acoustic Panel

Remove spills immediately using a damp clean cloth.

A fabric lint brush or soft head on a vacuum cleaner may be used to remove dust.

Carpet and fabric cleaners can be used. It is recommended to test first in an inconspicuous area.

### Lightblocks Boards

Use warm water, mild detergent and a soft sponge, cloth, or chamois to clean Lightblocks.

Light refinishing - if there is only a light scratch, refinishing can be achieved by rubbing the area in a random circular motion with a fine steel scouring pad (Scotch-Brite). Test in an inconspicuous area first before attempting a main area.

### Powder-Coat Finishes

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

---

## Customisable

Atomik is made locally and can be tailored to suit your interior project. Select from a range of table top finishes such as Corian®, engineered stone and digital print on a variety of substrates, as well as custom screen perforations or custom metallic powder-coats and much more.

Botton + Gardiner can assist you with configuring your layouts. 2D or 3D drawings or kits of the modules are available.

Optional GPOs can be added to the modular pods to power them up as charging or working stations.
