## Care Instructions

### Powder-Coat

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

---

## Additional Comments

Dunalley is simple and hygienic for cleaners to empty.

1. Hang your bucket on the concealed, stainless steel hook under the canister

2. Unlock the ash receptacle and slide the canister upwards

3. The cigarette butts will be released to fall into the suspended bucket without touching any contaminants

The lid is designed to be a durable butting out surface for smokers, sloped to shed both water and ash.

Options: 2 designs, wall fixed or supplied fitted to a post to suit your install location
