BOWEN BIN

BOWEN BIN

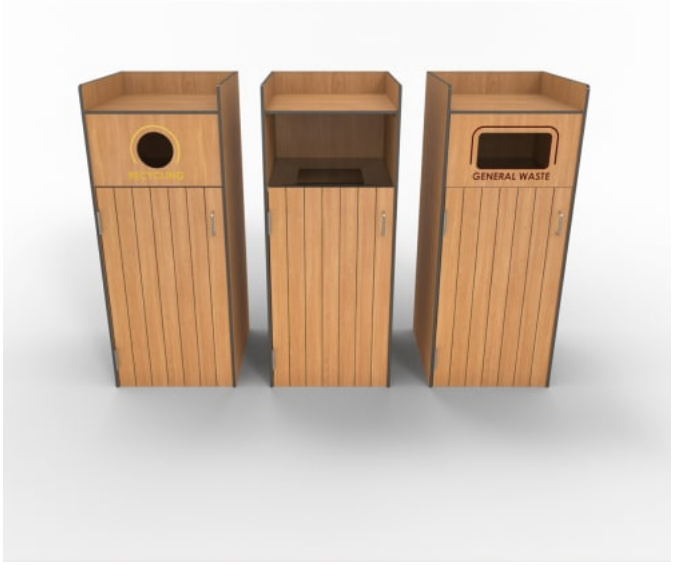

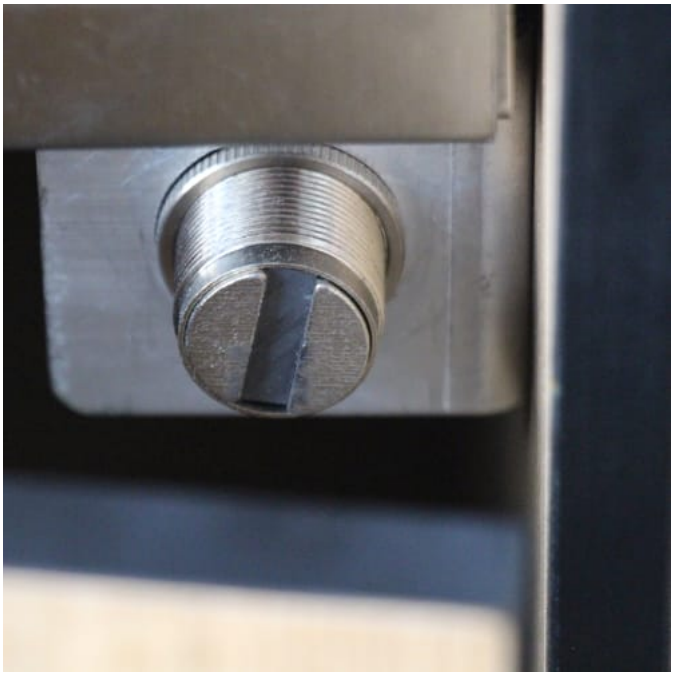

BOWEN BIN

Compact single bin stations with tray return, ideal for food courts. 120L capacity. Wide range of compact laminate options available.

Description

Bowen Bin Station Single combines a compact footprint with a clean, minimal aesthetic—ideal for indoor or undercover environments such as food courts, canteens, and quick-service outlets. Designed for hygienic, contact-free waste disposal, Bowen also features a convenient tray return, supporting smooth operation in high-traffic areas.

Choose from a range of limiter chutes and configure as a single unit to suit your space. Finished in a wide selection of compact laminate colours and textures, Bowen delivers a practical, streamlined solution at a competitive price point.

How to Specify

Select your chute type - open, garbage or recycling
Select your body colour

Sustainability

Certified Materials
We use laminates that carry internationally recognised Environmental Product Declarations (EPDs).

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Material

Capacity

1 x 120L wheelie bin included

BOWEN BIN

Signage	**Etch & Fill Signage options.** Engraved enamel filled signage is included on units with the garbage or recycling limiter panels for sorting at point of disposal, saving time and cost. Optional vinyl decals can be added to the open chute on request.
Made In	Australia
Lead Time	6-8 weeks
Assembly & Delivery	Shipped fully assembled.
Fixing Detail	Surface fixed by others. Anchors not included.
Care Instructions	Laminates | Laminex® A damp cloth will remove spills and greasy spots. Rub with a clean dry cloth to bring back brightness. Occasionally clean with mild dishwashing detergent. To remove heavy build-up of dirt use cleaners such as Mr Muscle, Windex or Ajax Spray n Wipe spray cleaners. Do not use strongly acidic, alkaline cleaners or bleach for normal cleaning as these might etch the surface. Stainless Steel Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning. When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish. Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits. Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning. Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired. Never use abrasive materials such as scouring pads, steel wool or metallic scrapers. For stubborn stains or where "deep cleaning" is required, a mild abrasive cleaner or rust remover may be required.

BOWEN BIN

Warranty	5-year warranty. View the warranty for more details.
Customisable	Finishes and signage are customisable to your project. Please get in touch with our team for more details.
Additional Comments	The contact-free waste disposal via the large opening or fixed limiter panels is hygienic and keeps customer safety front of mind. The compact body is non-absorbent, preventing mop water from waterlogging and deteriorating the bin panels. Heavy duty butt hinges will keep your doors level and issue-free throughout the life of the bin.
