MAROUBRA BIN

MAROUBRA BIN

Unique, compact, single bin for outdoor commercial spaces. 70L capacity. Powder-coated steel frame, aluminium hood. 4 perforation patterns.

Description

Maroubra Litter Bin features a compact, streetscape-ready design built to withstand the high demands of public spaces. Its robust construction and refined detailing make it a reliable choice for outdoor commercial environments.

Distinctive perforation patterns add visual appeal while providing contrast against the galvanised inner liner. The broken surface helps deter graffiti and is finger-safe for children. A hinged hood prevents rain ingress and discourages scavenging wildlife. Choose from 4 perforation patterns and powder-coat colours to create a custom finish that suits your space.

How to Specify

Select your body pattern
Select your body powder-coat colour
Select your fixed ribbon base finish and colour

Sustainability

Recycled Materials
We locally source our steel and aluminium. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Finishes

Hood
Powder-coated aluminium

Body
Powder-coated, zinc-primed steel with perforations

Perforation Pattern
Speckle, Morse, Windows, Wedge

Powder-Coat
Standard or custom specified colour

Fixed Ribbon Base
Galvanised or powder-coated steel

Made In	Australia
Lead Time	6-8 weeks
Assembly & Delivery	Shipped fully assembled.
Fixing Detail	Surface fixed by others. Anchors not included.

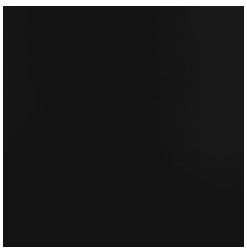

MAROUBRA BIN

Care Instructions	**Care + Maintenance** **Powder-coat** Regular cleaning helps protect the long-term appearance of powder-coated finishes. Wash surfaces with warm water and a non-abrasive, pH-neutral detergent, using a soft cloth or brush, then rinse thoroughly. Avoid harsh solvents, abrasive cleaners and high-pressure washing, as these may damage the coating. In coastal, marine or industrial environments, increase cleaning frequency to minimise the build-up of salts and pollutants which can accelerate weathering.
Warranty	5-year warranty. View the warranty for more details.
Customisable	Customise the base to your brand colours or waste channels. Install bins in pairs to create general waste and recycling units. Options to add logos as part of the perforations on your single bins for extra branding.
Additional Comments	The unique ribbon sled base is a sturdy, durable streetscape design - resistant to vandalism by force. A small footprint reduces rubbish accumulating around the base and it's easy to install. The galvanised liner won't melt if lit cigarette butts are accidentally thrown into the bin. The perforated body not only casts distinctive shadowing and contrasts with the galvanised inner liner but also deters marker vandalism. Perforation designs are child safe, conforming to AS4685.1 finger entrapment guidelines on play equipment. The hood is hinged for easy removal of the liners and ensures parts stay in place, deterring theft.
