CONTOUR SEAT

Contemporary seat design with rounded details. Hardwood or Duraslat™ XG battens with a cast aluminium frame in powder-coat colours or satin finish.

Description

With unifying, considered design details, the Contour Seat is a key piece in the contemporary Contour collection —commercial outdoor furniture built to withstand the diverse demands of public space.

Defined by its curved profile and clean geometry, the Contour Seat brings an understated elegance to high-traffic outdoor environments. The nature-inspired form works seamlessly within the broader Contour family, complementing benches and tables across diverse settings.

Optional armrests enhance comfort and accessibility, supporting inclusive use. The Contour Straight Bench is available in Hardwood or Duraslat™ XG battens, supported by a robust cast aluminium frame offered in powder coat colours or a satin finish.

Its cohesive design language, evident in its streamlined profile and softened edges brings an organic sensibility, making it an ideal choice for projects seeking durable, thoughtful furniture solutions.

Contour Straight Bench in select finishes is part of b+g's **Essential Collection** delivering favourable pricing and leadtimes.

Select from Core powder coat colours and battens in hardwood blackbutt or Duraslat™ XG to qualify.

Sustainability

Certified Hardwood
All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials
We locally source our aluminium and steel. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

Hardwood
Cleaning
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Finish
Our hardwood is finished with Sikkens Cetol BLX-Pro, a water-based, semi-transparent stain that protects the timber from weathering and enhances its grain and colour.

To maintain, clean and lightly sand the timber, then brush on 2–3 coats of Cetol BLX-Pro in the direction of the grain every 12 months, or sooner if it starts to grey.

Duraslat™ XG
Cleaning
Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat
Cleaning
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Hot-Dip Galvanised Steel
For general cleaning of bulk contaminants such as dirt and the like, ordinary laundry soaps can be satisfactorily used.

For more stubborn or larger areas, the use of a low-pressure wash (eg. a gurney gun) with just pure water or in conjunction with proprietary cleaning materials, such as car wash or truck wash, can be effective. It is important that the steel be washed down with fresh water after cleaning.

The cleaning treatment of the galvanising should be conservative at first and then if the situation demands, the treatment can become steadily more aggressive. Also, wherever some form of mechanical abrasion or “scrubbing” is required, the use of a hard, plastic bristle brush is recommended. Steel bristle brushes are not to be used since they will cause discolouration.

Mechanical methods of cleaning zinc surfaces can cause aesthetic issues. The “cleaned” areas are likely to contrast with adjacent untreated surfaces and may take a significant period of time to weather to a uniform colour. If aesthetics is a large concern, it is advisable to first test the cleaning method in an inconspicuous area in case the aesthetic effect is unappealing.

CONTOUR SEAT

Warranty	5-year warranty. View the warranty for more details.
Customisable	As this item is made to order locally, custom lengths are available on request.
Additional Comments	Hardwood is treated with a UV-resistant oil finish. Considered design details include concealed fixings and integrated anchor points for clean lines.
