SHELLY BIN HOUSING SINGLE

Shelly Single Bin Housing 120L pairs offering a streamlined, cost-effective waste solution for public and commercial spaces.

Description

Shelly Single Bin Housing 120L delivers a streamlined waste solution with thoughtful design and fast lead times. Crafted to house a single 120L wheelie bin, Shelly blends durability with practicality—featuring a durable 3mm pre-galvanized steel body and 2mm doors and back for long-term performance. Optional chute and signage on both sides provide a clear, user-friendly interface, while standard dual-sided limiters support effective waste separation.

A price-conscious option that doesn't compromise on form or function, Shelly is ideal for public spaces, schools, and commercial settings. With a focus on reducing material waste and sharing modular components, it supports fast refurbishments and shortens lead times for essential collection powder coat colours.

Customise with limiter and waste stream options.

Shelly Single Bin Housing in select finishes is part of b+g's **Essential Collection** delivering favourable pricing and leadtimes.

Select from Alugrain in Spotted Gum finish and core powder coat colours to qualify.

How to Specify

1. Powder-coat colour - see range
2. Signage - Small

No perforation offered for this product

Sustainability

Recycled Materials

We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Signage	**Bib Small in Sheet Metal with powder-coating.** Adding signage to a commercial bin offers several benefits that enhance both functionality and user experience. Signage clearly communicates the purpose of each bin, such as general waste, recycling, or organics, helping users quickly identify the correct bin for their waste as can be used to educate users about what materials are recycled or compostable, fostering a culture of sustainability. Botton + Gardner designed options to better serve aesthetics and improve waste segregation with a stainless steel powder-coated screen enhancing the icons and defined lines available in small and large sizes. Please see below our recommendations for this collection: Bold Powder-Coat Colours General Waste: Lobster Recycling: Moonlight Organics: Leaf Signature Powder-Coat Colours: General Waste: Territory Red Recycling: Paperbark Organics: Mangrove
Made In	Australia
Lead Time	Essentials Collection Finishes 3-4 weeks All Other Finishes 4-6 weeks
Assembly & Delivery	Shipped fully assembled on pallets.
Fixing Detail	All Shelly Bins require floor fixing (anchors not included). Surface Fixed by others.
Care Instructions	**Care + Maintenance** **Powder-coat** Regular cleaning helps protect the long-term appearance of powder-coated finishes. Wash surfaces with warm water and a non-abrasive, pH-neutral detergent, using a soft cloth or brush, then rinse thoroughly. Avoid harsh solvents, abrasive cleaners and high-pressure washing, as these may damage the coating. In coastal, marine or industrial environments, increase cleaning frequency to minimise the build-up of salts and pollutants which can accelerate weathering.

SHELLY BIN HOUSING SINGLE

Warranty	5 year warranty Indoor & undercover usage (>1km radius from shoreline) 2 year Warranty Outdoor (+1km from shoreline)
Customisable	The Botton + Gardiner range is customisable to your project. Please get in touch with your local contact or call 1300 762 701 for details.
