Shelly Single Bin Housing 120L pairs offering a streamlined, cost-effective waste solution for public and commercial spaces.

Description	<p>Shelly Single Bin Housing 120L delivers a streamlined waste solution with thoughtful design and fast lead times. Crafted to house a single 120L wheelie bin, Shelly blends durability with practicality—featuring a durable 3mm pre-galvanized steel body and 2mm doors and back for long-term performance. Optional chute and signage on both sides provide a clear, user-friendly interface, while standard dual-sided limiters support effective waste separation.</p> <p>A price-conscious option that doesn't compromise on form or function, Shelly is ideal for public spaces, schools, and commercial settings. With a focus on reducing material waste and sharing modular components, it supports fast refurbishments and shortens lead times to just 3-4 weeks for essential collection powder coat colours.</p> <p>Customise with limiter and waste stream options.</p> <p>Shelly Single Bin Housing in select finishes is part of b+g's Essential Collection delivering favourable pricing and leadtimes.</p> <p>Select from Alugrain in Spotted Gum finish and core powder coat colours to qualify.</p>

Signage

Bib Small in Sheet Metal with powder-coating.

Adding signage to a commercial bin offers several benefits that enhance both functionality and user experience. Signage clearly communicates the purpose of each bin, such as general waste, recycling, or organics, helping users quickly identify the correct bin for their waste as can be used to educate users about what materials are recycled or compostable, fostering a culture of sustainability.

Botton + Gardner designed options to better serve aesthetics and improve waste segregation with a stainless steel powder-coated screen enhancing the icons and defined lines available in small and large sizes.

Please see below our recommendations for this collection:
