Bellerive Bin Housing Double - Detail

Bellerive Bin Housing Double -

Bins » Bin Housings

Detailed double bin housings with a hood for outdoor use. Panels on all 4 sides feature hardwood battens.

Description

Bellerive Bin Housing Double offers durable, stylish, and practical waste management solution for streetscapes, parks, campuses, and commercial spaces. With its robust exposed steel frame, external hinges, and compression lock for easy access, it's designed to deliver smart functionality with a strong 360° visual impact. Also available in Single capacity.

Customise your look with hardwood batten colours wrapping all four sides, paired with a stainless steel frame and an aluminium hood finished in your choice of powder-coat colours. Whether you're after a refined, natural finish or a bold, vibrant statement, Bellerive allows you to create a waste solution that perfectly complements your space.

How to Specify

Select your capacity - 120 or 240L

Select your hardwood batten colour for the panels on all 4 sides

Select your hood powder-coat colour Select any optional extras - recycling limiter

Sustainability

Certified Hardwood

All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

Recycled Materials

We locally source our steel and aluminium. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

<u>Hardwood</u>

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Powder-Coat

Cleaning

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Warranty

5-year warranty. View the warranty for more details.

Customisable

Bellerive is locally made and customisable to your requirements.

Opt to add the attention grabbing bold yellow and red powder-coats to your hoods.

Opt to add the recycling limiter hood to limit waste entering the recycling channel for more efficient collection.

Additional Comments

The double capacity splits your waste streams, managing recycling easily at the source.

Easily understood and visible vinyl signage on the door and back bin panels for efficient waste sorting at point of collection.

Compression lock tightens with a turn of the key and prevents rattling noise for peaceful streets.

Heavy duty butt hinges will keep your doors level and issue free throughout the life of the bin.

Also available in single size.
