---

Compact capsule double bin housing for undercover. Panels in hardwood, Duraslat™ XG, v-groove compact laminate or powder-coat finishes.

---

## Description

**Bondi Capsule Bin Double** brings contemporary coastal design to dual-stream waste management. With its sleek curved profile and perforation patterns, it offers a stylish, space-efficient solution for outdoor undercover areas like parks, promenades, transport hubs, and retail precincts.

Also available in Single configuration, Bondi Capsule Double provides added capacity while maintaining a consistent aesthetic across public environments. Customise with finishes in hardwood, Duraslat™ XG, and powder-coat colours to suit your space and signage needs.

---

## How to Specify

Select your capacity - 80L, 120L

Select your body colour

Select your feature panel design

Select your feature panel colour

Select your fixing type

---

## Sustainability

### Certified Hardwood

All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.

### Recycled Materials

We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

Duraslat™ XG is made from 90% of recycled hardwood fibres and reclaimed plastic materials, which reduces demand for virgin materials.

### Low Pollutants

Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

Hardwood  
Cleaning  
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling  
Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Duraslat™ XG  
Cleaning  
Simply wash down occasionally. Do not use high pressure cleaners.

Powder-Coat  
Cleaning  
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

---

Warranty 5-year warranty. View the [warranty](#) for more details.

---

Customisable Various door panels and an extensive colour selection is available making Bondi flexible to your style. We can customise signage to your requirements.

---
