BRIGHTON BIN HOUSING DOUBLE

Detailed double, bin housings with a hood for outdoor use. Panels featuring a perforation pattern design in a powder-coat finishes.

Description

Brighton Bin Housing Double offers durable, stylish, and practical waste management solution for streetscapes, parks, campuses, and commercial spaces. With its exposed steel frame, external hinges, and compression lock for easy access, it delivers smart functionality with strong 360° visual appeal. Also available in Single capacity.

Customise your look with modern perforation patterns, finished in your choice of powder-coat colours, hardwood or Duraslat™ XG . Whether you're aiming for a bold urban statement or a seamless addition to your environment, Brighton provides a versatile, eye-catching waste solution tailored to your space.

How to Specify

Select your capacity - 120 or 240L
Select your panel powder-coat colour
Select your hood designs - open or with recycling limiter
Select your hood powder-coat colour

Sustainability

Recycled Materials
We locally source our steel and aluminium. It means we know it uses recycled content and is 100% recyclable.

Low Pollutants
Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).

Care Instructions

Powder-Coat
Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

Stainless Steel
Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where "deep cleaning" is required, a mild abrasive cleaner or rust remover may be required.

Hardwood
Cleaning
Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Finish
Our hardwood is finished with Sikkens Cetol BLX-Pro, a water-based, semi-transparent stain that protects the timber from weathering and enhances its grain and colour.

To maintain, clean and lightly sand the timber, then brush on 2–3 coats of Cetol BLX-Pro in the direction of the grain every 12 months, or sooner if it starts to grey.

Duraslat™ XG
Cleaning
Simply wash down occasionally. Do not use high pressure cleaners.

BRIGHTON BIN HOUSING DOUBLE

Warranty	5-year warranty. View the warranty for more details.
Customisable	The Brighton bin housing is locally made and customisable to suit your requirements. Opt to add the attention grabbing bold yellow and red powder-coats to your hoods. Opt to add the recycling limiter hood to limit waste entering the recycling channel for more efficient collection.
Additional Comments	The double capacity is ideal for splitting your waste streams and managing recycling easily at the source. Easily understood and visible vinyl signage on the door and back bin panels for efficient waste sorting at point of collection. Compression lock tightens with a turn of the key and prevents rattling noise for peaceful streets. Heavy duty butt hinges will keep your doors level and issue free throughout the life of the bin.
