# HENLEY BIN STATION TRIPLE

Triple top loading bin. Optional cleaner's cupboard. 240L. Stainless steel frame. Laminate, v-groove compact laminate options.

## Description

**Henley Bin Station Triple** is a high-capacity, top-loading waste solution designed for busy food courts and public spaces where efficient, tray-free waste disposal is essential. The contact-free top-loading design supports hygiene, while the ergonomic access makes servicing easy for cleaning staff.

Tested over years of use, Henley features a hardy stainless-steel frame that protects against trolley damage and wear, making it ideal for both indoor and outdoor settings. Also available in Single and double capacity, with a wide range of sizes and laminate finishes, Henley can also be configured with an optional cleaner's storage cupboard for added functionality.

## How to Specify

Select your panel finish - laminate or v-grooved compact

## Sustainability

Certified Materials
We use laminates that carry internationally recognised Environmental Product Declarations (EPDs).

Recycled Materials
We locally source our steel. It means we know it uses recycled content and is 100% recyclable.

|---|---|
| Assembly & Delivery | Ships assembled on pallet.<br>Due to their weight, Henley triple bin modules will require a forklift to receive goods on delivery. |
| Fixing Detail | Surface fixed by others. Anchors not included. |
| Care Instructions | Laminates \| Laminex®<br>A damp cloth will remove spills and greasy spots. Rub with a clean dry cloth to bring back brightness. Occasionally clean with mild dishwashing detergent. To remove heavy build-up of dirt use cleaners such as Mr Muscle, Windex or Ajax Spray n Wipe spray cleaners.<br><br>Do not use strongly acidic, alkaline cleaners or bleach for normal cleaning as these might etch the surface.<br><br>Stainless Steel<br>Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.<br><br>When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.<br><br>Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.<br><br>Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning.<br><br>Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.<br><br>Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.<br><br>For stubborn stains or where "deep cleaning" is required, a mild abrasive cleaner or rust remover may be required. |
| Warranty | 5-year warranty. View the warranty for more details. |
| Customisable | The Henley top loading bin is made locally and can be customised to suit your project specifications. |
