Modern single litter bin for indoors and out. Cladding in hardwood batten. Stainless-steel lid and plinth.

Description	<p><b>Avoca Litter Bin Single</b> brings soft curves and a contemporary silhouette to waste management. Its distinctive reuleaux triangle shape blends effortlessly into both indoor and outdoor environments, offering a relaxed yet refined presence in any setting.</p> <p>Despite its compact footprint, Avoca is available in three different configurations (<i>also available in Double or Triple configurations</i> ) and can cleverly accommodate up to three internal waste channels—for added capacity and flexibility. Clear, visible signage enhances user experience and reduces maintenance time. Finished with hardwood battens available in a variety of colour options and profiles, complimented by a satin-polished stainless-steel lid and plinth.</p>
How to Specify	<p>Select your capacity</p> <p>Select your signage type</p> <p>Select your slat finish</p> <p>Select your fixing type</p>
Sustainability	<p><b>Certified Hardwood</b> All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world’s largest forestry certification system.</p> <p><b>Recycled Materials</b> We locally source our steel. It means we know it uses recycled content and is 100% recyclable.</p> <p><b>Low Pollutants</b> Our powder-coating process doesn’t emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).</p>
Finishes	<p><b>Lid</b> 3mm stainless steel, satin polished</p> <p><b>Body</b> Exterior: Hardwood battens</p> <p>Interior: Lacquered hardwood in a rectangular, bump or flute-shaped batten.</p> <p><b>Plinth</b> Stainless steel, satin polished</p>
Dimensions	<p>581mmW x 567mmD x 820mm H</p> <p>200mm dia chute</p>

Care Instructions	<p><u>Hardwood</u></p> <p>Cleaning</p> <p>Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.</p> <p>Oiling</p> <p>Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.</p> <p>To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.</p> <p><u>Stainless Steel</u></p> <p>Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.</p> <p>When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.</p> <p>Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.</p> <p>Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome &amp; Stainless Steel Polish” to protect the surface after cleaning.</p> <p>Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.</p> <p>Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.</p> <p>For stubborn stains or where “deep cleaning” is required, a mild abrasive cleaner or rust remover may be required.</p>
Warranty	5-year warranty. View the <a href="#">warranty</a> for more details.
Additional Comments	<p>Manage recycling by splitting your waste streams.</p> <p>Chutes act as limiters to signal recycling and save labour in sorting.</p>
