AVOCA BIN LITTER BIN DOUBLE

Bins » Litter Bins

Modern double litter bin for indoors and out. Cladding in hardwood batten. Stainless-steel lid and plinth.

Description	<p>Avoca Litter Bin Double offers the same sculptural form and efficient footprint as the Single, with the added functionality of dual waste streams. <i>Also available in Single or Triple configurations</i>, Avoca adapts easily to a range of waste management needs in high-traffic indoor or outdoor environments.</p> <p>Its reuleaux triangle shape integrates seamlessly into public spaces, while clearly marked signage improves user experience and streamlines waste separation. Finished with hardwood batten options in a variety of profiles, and topped with a satin-polished stainless-steel lid and plinth.</p>
How to Specify	<p>Select your capacity Select your signage type Select your slat finish Select your fixing type</p>
Sustainability	<p>Certified Hardwood All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.</p> <p>Recycled Materials We locally source our steel. It means we know it uses recycled content and is 100% recyclable.</p> <p>Low Pollutants Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).</p>

Care Instructions	<p><u>Hardwood</u></p> <p>Cleaning</p> <p>Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.</p> <p>Oiling</p> <p>Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.</p> <p>To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.</p> <p><u>Stainless Steel</u></p> <p>Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.</p> <p>When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.</p> <p>Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.</p> <p>Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning.</p> <p>Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.</p> <p>Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.</p> <p>For stubborn stains or where “deep cleaning” is required, a mild abrasive cleaner or rust remover may be required.</p>
Warranty	5-year warranty. View the warranty for more details.
Additional Comments	<p>Manage recycling by splitting your waste streams.</p> <p>Chutes act as limiters to signal recycling and save labour in sorting.</p>
