AVOCA BIN LITTER BIN TRIPLE

Bins » Litter Bins

Modern triple litter bin for indoors and out. Cladding in hardwood batten. Stainless-steel lid and plinth.

Description	<p>Avoca Litter Bin Triple maximises waste separation within a single compact footprint, housing three internal waste channels beneath its smooth, curved profile. The design is <i>also available in Single or Double configurations</i> to suit a variety of site requirements and capacity needs.</p> <p>The reuleaux triangle form makes it a natural fit in public spaces, while clear signage supports intuitive use and efficient waste management. Clad in your choice of hardwood batten and profiles, and finished with a satin-polished stainless-steel lid and plinth.</p>
How to Specify	<p>Select your capacity Select your signage type Select your slat finish Select your fixing type</p>
Sustainability	<p>Certified Hardwood All hardwood is sourced from sustainable forests certified by the Program for the Endorsement of Forest Certification (PEFC), the world's largest forestry certification system.</p> <p>Recycled Materials We locally source our steel. It means we know it uses recycled content and is 100% recyclable.</p> <p>Low Pollutants Our powder-coating process doesn't emit Volatile Organic Compounds (VOCs) and has Environmental Product Declarations (EPDs).</p>
Finishes	<p>Lid 3mm stainless steel, satin polished</p> <p>Body Exterior: Hardwood battens</p> <p>Interior: Lacquered hardwood in a rectangular, bump or flute-shaped batten.</p> <p>Plinth Stainless steel, satin polished</p>
Dimensions	<p>581mmW x 567mmD x 820mm H</p> <p>General Waste: 200mm dia chute</p> <p>Recycling: 150mm dia chute</p> <p>Paper: 200mm slot</p>

Care Instructions

Hardwood

Cleaning

Remove any loose surface deposits with a soft bristled brush and wipe down with fresh water and a non-abrasive cloth.

Oiling

Oiling of timber will postpone natural greying, repel moisture, improve mould resistance, help maintain a smooth surface texture and enhance the grain and colour.

To maintain, lightly sand rough areas of timber and brush on one coat of timber decking oil every 6 months or as required.

Stainless Steel

Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where “deep cleaning” is required, a mild abrasive cleaner or rust remover may be required.

Warranty

5-year warranty. View the [warranty](#) for more details.

Additional Comments

Manage recycling by splitting your waste streams.

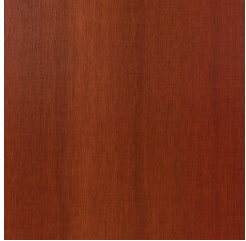

Chutes act as limiters to signal recycling and save labour in sorting.
