Fremantle Single Litter Bin - Charcoal

Fremantle Single Litter Bin - Charcoal

# FREMANTLE BIN SINGLE

Bins » Litter Bins

Minimalist, round litter bin with a smooth, easy-to-clean form. Available in stainless steel or powder-coat finishes. Indoor or outdoor use.

**Description**

**Fremantle Single Litter Bin** is the ultimate chameleon. Minimalist and contemporary, the no-fuss form can be dressed up with textured or metallic powder-coats or kept basic to blend in with your interior or exterior space. Smooth volumes give Fremantle its cutting edge look and ensures it's easy to wipe down. Get the job done at a price point your wallet will thank you for. Single and double capacities with or without a winged hood are available in stainless steel or powder-coat finishes.

Fremantle Litter Bin Single in select finishes is part of b+g's **Essential Collection** delivering favourable pricing and leadtimes.

Select from Core powder coat colours and battens in hardwood blackbutt or Duraslat™ XG to qualify.

## Care Instructions

### Powder-Coat

Carefully remove any loose surface deposits with a wet sponge or soft bristled brush.

Use a soft (non-abrasive) cloth or brush and a diluted solution of mild detergent and warm water.

Ensure surfaces are thoroughly rinsed with clean fresh water after cleaning to remove all residues.

Never use thinners, abrasive cleaning agents, alcohol-based, acid or alkali cleaning agents.

### Stainless Steel

Wash the surface regularly using warm water containing soap or mild detergents and rinse the surface with fresh water after cleaning.

When polishing the surface with a soft dry cloth to ensure all moisture is removed, follow the direction of the grain finish.

Use a brush or soft damp cloth to remove loose deposits. Use a cream cleanser and soft cloth for difficult deposits.

Use “Star Brite Rust Stain Remover” to remove tea staining and “Star Brite Chrome & Stainless Steel Polish” to protect the surface after cleaning.

Never use cleaners containing harsh abrasives or high bleach contents. Prolonged contact with chlorine-based cleaners will cause surface pitting, which cannot be repaired.

Never use abrasive materials such as scouring pads, steel wool or metallic scrapers.

For stubborn stains or where “deep cleaning” is required, a mild abrasive cleaner or rust remover may be required.
